The most innovative home systems products available in today's market. Built on a legacy of innovation, the Home Systems Division of Legrand (formerly On-Q/Legrand) offers products in the categories of infrastructure, entertainment, communications, and comfort. From high performance connectivity products and enclosures to award-winning intercom and multi-room audio systems, Legrand provides all the products you need to succeed in today's home systems marketplace.

STRUCTURE WIRE SOLUTIONS ENCLOSURES

- ONQ EN1200** 12" Enclosure
- ONQ EN1400** 14" Enclosure with screw on cover
- ONQ EN1450** 14" Enclosure with hinged cover
- ONQ EN2000** 20" Enclosure with screw on cover
- ONQ EN2050** 20" Enclosure with hinged cover and lock
- ONQ EN2850** 28" Enclosure with hinged cover and lock

Centralized Distribution for Wired & Wireless Low Voltage Systems

- Wireless Transparent Material – UL rated ABS plastic allows wireless devices such as access points to secure in the cabinet without degrading network performance
- Stackable – Enclosures and doors are each neatly stackable to efficiently ship and warehouse
- Surface or Flush Mounting
- Universal Mounting Grid – Compatible with distribution modules for multiple manufacturers.
- No-Hassle Hinged Door – Easily assembles onto the enclosure without the need for tools or screws.
- Extensive Venting – Provides superior heat dispersion for powered devices mounted in the enclosure.
- Extra Depth – Protruded door adds 1.2" (30mm) if enclosure depth for compatibility with more third party devices such as uninterruptible power supplies (UPS).
- Conceals Drywall Cutout – Extended door circumference conceals the drywall cutout for a professional finish.
- Layered Latch – Holds the door shut and flush to the drywall without the need of a

lock. Locking can be accommodated with the provided screw holes or padlock hole.

- Compliance – UL 60950-1, UL 2416, RoHS

NEW ONQ ENP3050

30" Plastic Enclosure with a hinged door

NEW ONQ ENP3060-5

ELK SWB14

Structured Wiring Box, 14"

- Combination knockouts for size 1/2", 3/4", and 1-1/4" conduit
- Knockout for inserting an Electrical Outlet J Box
- Heavy duty, tab hinged, lockable cover with camlock.
- Includes surface mount door. Flush mount door (ELK-SWFD14) available (purchase separately)
- UL Listed Enclosure for Residential Burglary & Fire Systems

ELK SWB28

Structured Wiring Box, 28"

- Recess Mounts Into 3.5" x 16" Ctr. Wall Cavities
- Knockouts: 1/2", 3/4", and 1 1/4" conduits
- Knockout for inserting an Electrical Outlet J Box
- Heavy Duty Hinged Removable Cover with Cam Lock
- UL Listed Enclosure for Residential Burglary & Fire Systems

ELK SWFD14

Flush Mount Door for SWB14

Turn the SWB14 into a flush mount enclosure! Flush mounting is ideal for hollow stud walls on 16" centers. The minimum rough opening is 14.25" wide x 14.25" high x 3.5" deep. Can be adjusted for varying wall finish thickness and this locking, removable, hinged door extends beyond the box edges approximately 5/8" which easily conceals uneven cutouts of the wallboard edges.

ELK SWS

Battery Shelf for Structured Wiring Box

Holds up to an 8 Ah Battery. For use with ELK Structured Wiring Enclosures
