

Structured Wiring Components

ELK-SWB28 Box

Multi-purpose cabinet for structured wiring, controls, & peripherals. It's universal design features a hole-slot-hole mounting system that allows it to accommodate shelves, brackets, wire modules, and equipment from many different manufacturers such as Leviton, OpenHouse, OnQ, and others. May be flush or surface mounted. Flush mounting is ideal for hollow frame walls with studs on 16" centers. The unit will fit in a minimum rough opening of 14.25" wide x 28.25" high x 3.5" deep and can be adjusted for varying wall finish thicknesses. The removable, locking, hinged lid extends beyond the box edges approximately 5/8" and easily conceals uneven cutouts of the wallboard edges.

Features / Specifications

- Recess Mounts Into 3.5" x 16" Ctr. Wall Cavities
- Heavy Duty, Hinged, Removable Cover w/ Cam Lock
- Combination knockouts for 1/2", 3/4", and 1-1/4" conduit
- Knockout for inserting an Electrical Outlet J Box
- Overall Box Dimensions: 14.25" W x 28" H x 4.5" D (Allows for .5" wall finish plus door)
- Overall Cover Dimensions: 15.5" W x 29.875" H
- Metal Gauge: 18 gauge. Color: Appliance White

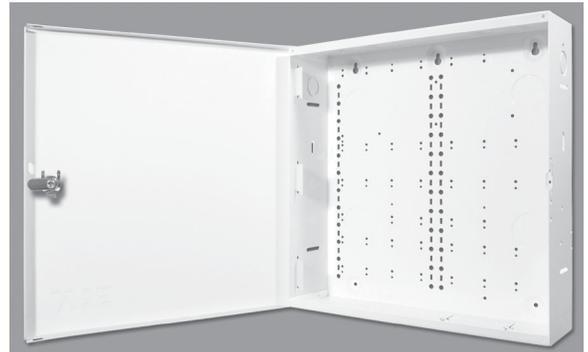

ELK-SWB28

ELK-SWB14 Box

The ELK-SWB14 is a smaller 14.25" square version of the popular ELK-SWB. It is ideal for smaller jobs; such as, small homes, apartments, condos, etc. Extremely versatile for housing a security control with peripherals or structured wiring modules; such as, telephone, CATV, and network modules. Mix and match components from various manufacturers with our flexible hole pattern and mounting accessories. Key features: combination knockouts for size 1/2", 3/4", and 1-1/4" conduit, knockout for standard AC power J box, and heavy duty locking cover.

Features / Specifications

- Heavy Duty, Hinged, Removable Cover w/ Cam Lock
- Combination knockouts for 1/2", 3/4", and 1-1/4" conduit
- Knockout for inserting an Electrical Outlet J Box
- Overall Box Dimensions: 14.25" W x 14.25" H x 3.5" D.
- Metal Gauge: 18 gauge. Color: Appliance White

ELK-SWB14

Accessories

ELK-SWD1 Grommet Donuts: Pack of 2 grommet donuts for use in the 1.75" wire entry holes to protect wires from nicks and scrapes.

ELK-SWD1

ELK-SWG Circuit Board Glides: For vertically mounting ELK-M1 expansion boards or other manufacturer's boards into the SWB enclosures

ELK-SWG

ELK-SWP Multi-purpose Adapter Plate: Adapts peripherals, expansion boards, devices, etc. for mounting into the SWB or SWB rails. Flat mounting surface is 5.5" W x 4.75" H. Overall dimensions are: 6.5" W x 4.75" H x .5" D.

ELK-SWP

ELK-SWP3: 3" Multi-purpose Adapter Plate: 6.5" W x 3" H x .5" D

ELK-SWP3

ELK-SWR Universal Mounting Rail: A package of 2 universal rails to mount adapter plates and modules; such as, Telephone, CATV, or Network modules. Accommodates modules from Leviton, OnQ, OpenHouse, and others. Can be mounted to plywood or other manufacturer's structured wiring boxes. Overall dimensions are: 1.3" W x 12.5" H x .4" D. (Not required in ELK SWB enclosures)

ELK-SWR

ELK-SWS Battery Shelf: Holds up to a 8 Ah Battery and mounts to the SWB or SWB rails. The protruding shelf lip is 3.5" W x 2.75" D. Overall dimensions are: 6.5" W x 4.75" H x 3.25" D.

ELK-SWS

ELK-SWNS1 Nylon Standoffs for Circuit Boards: For mounting ELK-M1 expansion boards or other manufacturer's boards onto the ELK-SWP or SWP3 Plate. Package of 10 standoffs. (1/4" spacing, fits .156" hole)

ELK-SWNS1
