

[TX3 Series]

VOICE ENTRY

TX3 Nano Voice Entry System

Powerful Access Control. Small Package!

The TX3-Nano is a powerful Voice Entry System that is ideal for multi-unit dwellings, townhouses, and individual homes. With a sleek, weather-resistant enclosure, the TX3 Nano gives the security of controlled door entry from your smart phone.

Save Money – use SIP to consolidate communication through the building's existing IP Network

Control from your Smart Phone or Tablet with our Android & Apple Apps.

Built-in Camera allows that allows you to see day/night who is at the door on your smart phone or tablet.

Built-In door control – unlock the door with any phone

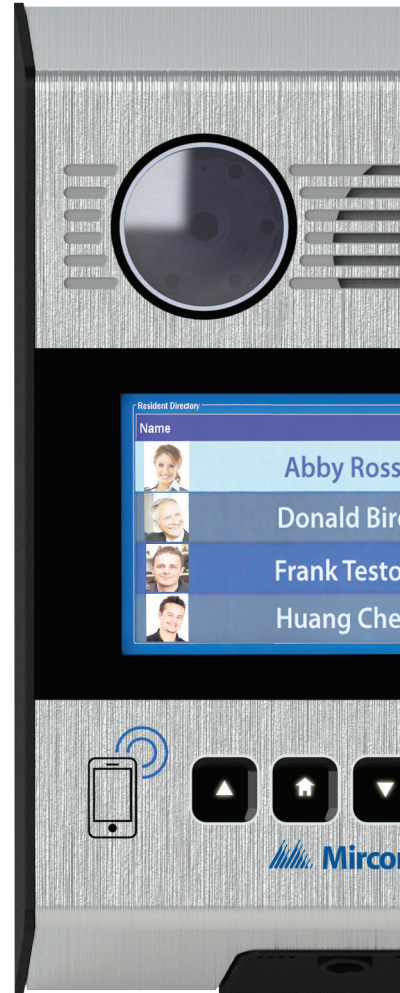

Easy Retro-fit to existing doorways

Fully Compatible with the complete TX3 Series

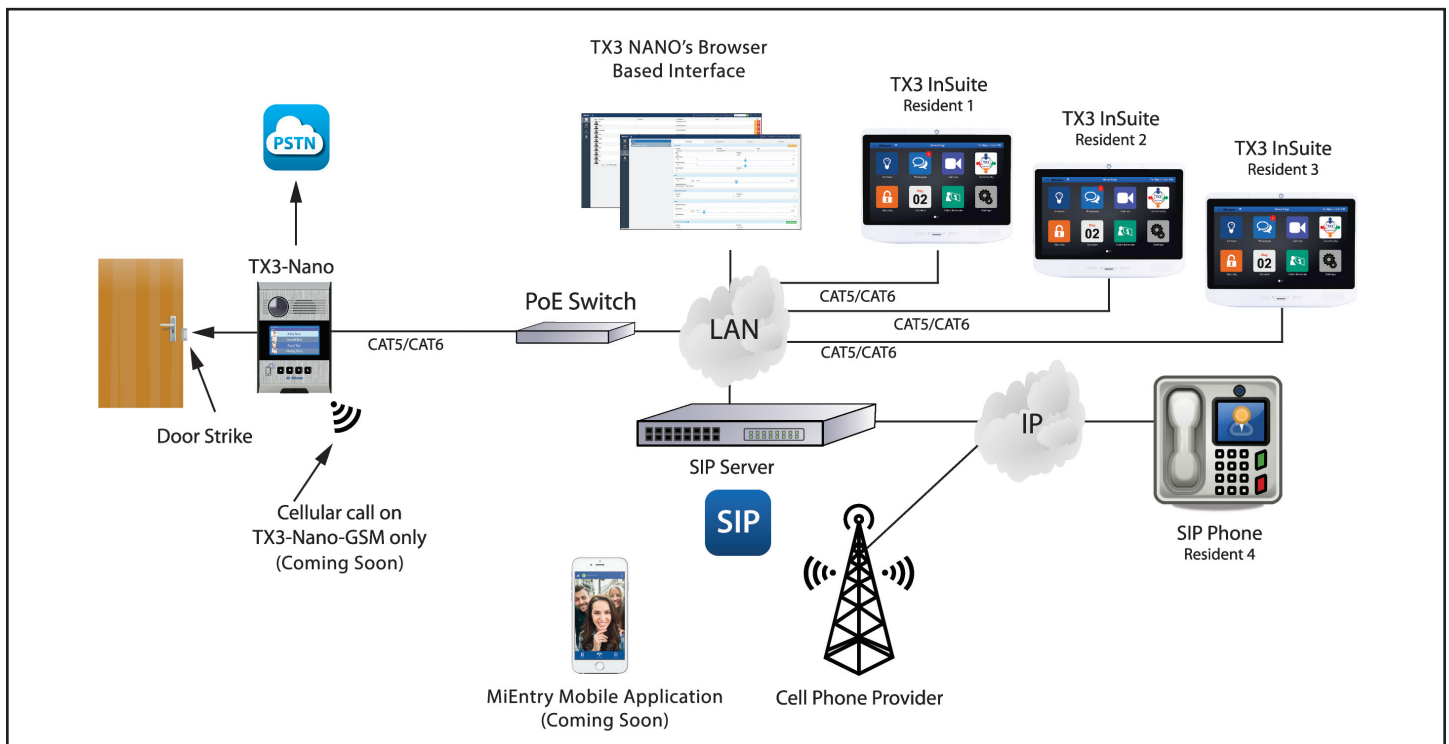

Networkable – can be used as a stand alone system or part of a TX3 network.

BLE Ready – Bluetooth Low Energy reader is included and can be activated in the future with the MiEntry mobile application (credential licensing).

Expandable and scalable, Mircom's TX3 Nano is the smart solution for your business.

Safer • Smarter • More Livable Buildings

Features

Small Footprint. Attractive Design.

The TX3-Nano's attractive weather-resistant surface mount design includes an illuminated multi-line colour display name directory. Its compact design fits on a single gang electrical box: 8.7" x 5.7" x 1.8"

Daytime and Nighttime Visibility.

Positive visual identification of incoming visitors is provided by a built-in camera with Infrared Illumination.

Supports all Communication Protocols.

The TX3-Nano supports SIP, PSTN and cellular; it can easily retrofit to existing entrance locations and/or integrate with modern communication networks.

Built-in Door Control Output.

This is not just an intercom. The TX3-Nano is a powerful Access Control station that allows you to control door entry from your smart phone.

Compatible with the Full TX3 Series Product Line.

The TX3-Nano is fully compatible with the entire line of TX3 Series products and services. It is also fully supported by Mircom's New Smart Condo solution for apartments and condominiums. www.smartcondo.com
