

## Double Gang Hinged Bullnose Wall Plate, White

WP9002-WH

The Bullnose Wall Plate is a unique cable management solution. Its hinged design provides four distinct configurations for flexible routing of low voltage cables inside the wall—just turn and snap the scoop for your preferred setup.

### features & benefits

- Conceals cables inside the wall behind flat panel TV, amplifier, or other audio/video devices
- Hinged scoop allows for flexible routing of low voltage cables into and out of the wall
- Ideal for cables with large A/V connectors
- Conceals up to 14 cables
