

POWER360™

Ultimate Power Protection and USB Charging

P360-Dock
Charges 2 mobile phones or one tablet

P360-6

Charges 2 mobile phones or one tablet per module.

P360-8

- 
Protect-or-Disconnect
Keeps electronics safe from power spikes.
- 
SmartGuard
Protects against brownouts and other dangerous voltage conditions.
- 
Circle of Protection
LED indicator monitors wiring, voltage, and protection status
- 
USB Chargers
2.1A capacity and can charge up to two devices simultaneously (two mobile devices or one tablet)
- 
AC Outlets
Outlets allow flexible cord and plug placement.
- 
Powerful Warranty
Lifetime product warranty plus \$75,000 connected equipment warranty P360-Dock, P360-6 \$250,000, & P360-8 \$500,000

Best in class protection with our over/under voltage protection technology - the best protection ever available at this price point!

Convenient & innovative USB charging with a spot to rest a phone and/or tablet directly on the wall tap model and removable USB chargers that can be tethered to your desktop on the floor models.

Circle of Protection indicator offers peace of mind at a glance with protection, voltage and wiring status lights.

3 Models: P360-Dock - ideal for general use. P360-6 ideal for home office. P360-8 ideal for home entertainment.

POWER³⁶⁰™ Ultimate Power Protection and USB Charging

P360-Dock

- Best in class protection with Protect-Or-Disconnect + SmartGuard active over/under voltage protection with auto reset.
- Charging cradle accommodates two mobile phone devices or one tablet for convenient charging
- “Circle Of Protection” displays protection, wiring, and voltage status. May be switched off.
- 2 high capacity USB ports
- 6 AC outlets (3 front, 3 bottom)

P360-Dock

P360-6

- Best in class protection with Protect-Or-Disconnect + SmartGuard active over/under voltage monitoring
- Detachable USB module tethers to P360-6 for convenient USB charging on table or desktop (6' cable included)
- “Circle Of Protection” displays protection, wiring, and voltage status
- 2 high capacity USB ports
- 6 AC outlets
- Coax and Telco surge protection

P360-8

- Best in class protection with Protect-Or-Disconnect + SmartGuard active over/under voltage monitoring
- Detachable USB module tethers to P360-6 for convenient USB charging on table or desktop (6' cable included)
- “Circle Of Protection” displays protection, wiring, and voltage status
- RFI/EMI AC filtering
- 4 high capacity USB ports
- 8 AC outlets
- Coax+Telco/LAN surge protection
