SK-2190
Accessory Cabinet

All accessorized and no where to go, The SK-2190 provides additional mounting space when no more space is available in the main control cabinet for the SK-2224, -4224,-6324, and -5208 controls.

The SK-2190 Accessory Cabinet provides a convenient way to mount your accessory modules. The sturdy metal cabinet includes a lock set that uses the same key as the Silent Knight FACP. The cabinet assures that accessories are solidly mounted and protected from tampering.

The SK-2190 is designed to house a variety of accessories including:
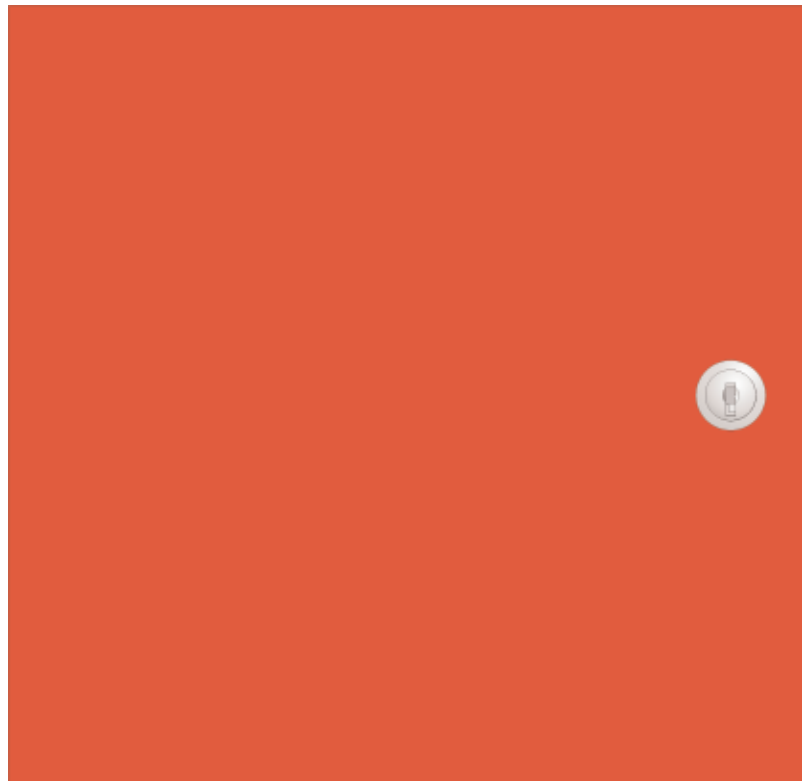

- **SK-2104** – DACT (used with the SK-2224, -4224, -6324 FACPs)

- **SK-5217** – Zone Expander (used with the SK-5208 FACP)

- **SK-5280** – Status Display Module (used with the SK-5208 FACP)

- **5883** – Relay Expander Module (used Silent Knight Addressable FACPs)

- **SD500-LED** – LED Driver Module (used with Silent Knight Addressable FACPs)

Dimensions:

Height: 10-3/16" (25.88 cm)
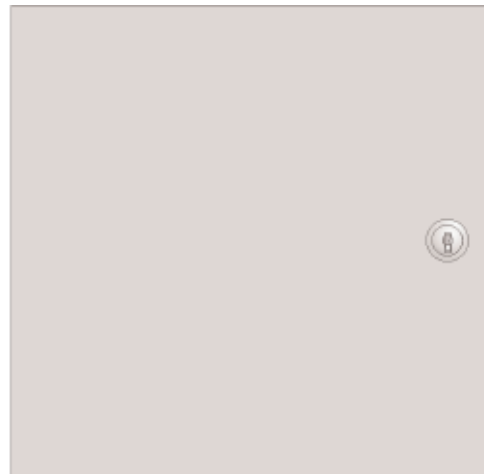

Width: 10-3/8" (26.35 cm)

Depth: 3" (7.62 cm)
