

Keystone Surface Mount Multimedia Boxes

Surface mount multimedia boxes are available in a 1-, 2-, 3-, 4- and 6-port versions and support all Signamax standard and multimedia keystone jacks.

The 3-port surface mount multimedia box provides protection of patch cord connection points, which gives the installation an additional flexibility at such locations as open office environments, warehouses, lobbies/hallways, etc.

The 6-port surface mount multimedia box provides the ability to mix and match up 6 copper, fiber or other media types in one location.

KEY FEATURES

- Works with standard Signamax keystone jacks
- Snap-on assembling cover design
- UL safety verified
- Can be used in commercial or home cabling environments
- For use with data, multimedia, voice and fiber modules
- ANSI/TIA/EIA-606 compliant
- UL94V-0 fire retardant plastic
- Removing the "knock-out" in the bottom of the box helps to fit a non-Signamax connector in the box.
