

On-Q Shelf Mounting Bracket

Part No. AC1060

Extend the mounting flexibility within Legrand Structured Wiring Enclosures with the AC1060 Shelf Mounting Bracket. The Shelf Mounting Bracket provides a vented stable surface to rest and secure 3rd party devices inside the enclosure. The shelf is perfect for heavy or tall devices that need sturdy support like ISPs, modem routers, connected hubs and more. Users can install the shelf in standard or an inverted orientation (plastic enclosures only). Plastic construction ensures Wi-Fi transparency for all wireless connected home devices. Unique hole pattern provides various options to secure down devices. Product includes 2 sets of plunger/grommets to secure into enclosure and 2ft of hook & loop strap to strap in devices to extra support. Rated to support up to 10lbs. Available as single or bulk pack of 10 (AC1060-10). Compatible with Legrand plastic and metal enclosures.
